New model specific parts list

IMPORTANT: To obtain current part number information for a specific product model, use the Standard Models page for this product family.

[Click here to go to the Standard Models page for all model specific information and to access the product model parts list](#)

- The product Standard Models page now links the model SKU numbers to the spare parts list for each model found on the HP PartSurfer web site. (To report missing or incorrect parts information in PartSurfer, please use the "Contact us" and "Missing or incorrect data" links within the PartSurfer web site utility.)
- To look up RoHS-compliant information in PartSurfer, use the component's option part number or the sales order number for a system in which the component is used (available in the QuickSpecs or Standard Models page).
